Statement of Values

Our principal objective is to realise the full potential of our assets and to create long-term value to our shareholders. In pursuing this, we manage our business operations consistent with the following values:

Transparency

We act with honesty and strive to be clear in our communications.

Integrity

We are accountable for our actions and stay true to our values.

Working together

We work as one team and treat everyone fairly and honestly.

Safety, environment and community

We prioritise safety, health, community and the environment knowing that operating safely with due regard to the environment and communities in which we operate enhances the sustainability and performance of the Company's business.

Commitment

We stay focused on our objectives and operate in a safe and socially responsible manner.

Governance

We manage business risks through sound business processes and high quality decision making. We are committed to following all applicable rules, regulations and standards.
